

Spay and Neuter

Income Eligible Program through HSYC

Eligibility Application

Thank you for applying to have your dog or cat spayed or neutered through this program with **The Humane Society of Yates County**. The Goal is to provide low cost spay and neuter services to qualified applicants. Surgically removing reproductive organs helps lower the number of stray and unwanted animals, among many other benefits.

Please fill out the application completely and attach proof of income* with required documentation. Incomplete applications will delay approval. Applications are reviewed on an ongoing basis. If there is a problem and we cannot reach you, the application goes on hold until resolved. You will be contacted as soon as we can schedule your animal(s).

*Proof of income can be your most recent W2 form, 2 most recent paycheck stubs, or a statement of approval of benefits from any assistance program.

We will certainly work with individuals on a case by case basis. We encourage our clients to save as far in advance as possible, for the fee. The prices are greatly reduced thanks to a grant approved by the ASPCA.
